

CHINATEL SUMMIT 06

January 14 - 15, 2006 • Hilton Hawaiian Village • Honolulu, Hawaii

Boston, MA – November 9, 2005 -- Information Gatekeepers Inc. (IGI), in cooperation with the Pacific Telecommunications Council (PTC), today announced the ChinaTel Summit 2006. It will be held at the Hilton Hawaiian Village on January 14-15, 2006. The Summit provides an excellent platform for attendees to discuss the telecom and ICT market opportunities in China and to establish new business relationships. Major Chinese telecom operators and equipment manufacturers and executives from international telecom companies are expected to address the conference. It is conveniently scheduled to allow attendees to participate in the PTC annual conference, January 15-18, 2006, also at the Hilton Hawaiian Village.

“IGI has been organizing its annual ChinaTel Summit conference since 1996 and the event has become a venue where U.S. companies learn about the latest policy and market development in China. The market intelligence and the contacts made at the ChinaTel Summit will be vital to the success of communications companies trying to do business in China,” said Dr. Hui Pan, Chair of the ChinaTel Summit, and Chief Economist of IGI.

The ChinaTel Summit will highlight the following markets and technologies in China: Telecom Policy and Regulations, 2G and 3G Mobile, IPTV, VoIP, xDSL, FTTH (Fiber to the Home), Cable Access, Ethernet, WiMAX, WLAN, and Fixed Wireless. The event offers the best opportunities to network and exchange views on future business development strategies in the rapidly expanding telecom and ICT markets in China.
